

RARE DISEASES + ORPHAN PRODUCTS

Breakthrough Summit

Washington, DC

OCT
20-22
2024

The NORD® Rare Diseases & Orphan Products Breakthrough Summit® is powered by over 40 years of leadership and partnerships on behalf of patients and families affected by rare diseases. The NORD Summit features expert speakers, insightful patient testimonials, groundbreaking keynotes, an expansive poster hall, interactive discussions, and targeted networking opportunities.

The annual event serves as an innovative networking catalyst for hundreds of stakeholders to:

- Actively engage with advocacy groups, FDA leadership and industry investors to think through complex issues
- Develop insights and best practices for commercializing orphan products
- Learn more about the latest research and development advancements in rare disease diagnostics and treatment regimens

Who Attends?

The NORD Summit provides a collaborative environment for researchers, drug and device companies, patient advocacy organization leaders, policy experts, and government organizations responsible for rare disease research and orphan product oversight.

Focus Areas Include:

- Patient Services
- Advocacy
- Clinical Development
- Drug Development
- Research
- Reimbursement
- Health Policy
