

RARE DISEASES + ORPHAN PRODUCTS

# Breakthrough Summit<sup>®</sup>

Washington, DC

**OCT  
16+17  
2023**

## The NORD<sup>®</sup> Rare Diseases & Orphan Products

**Breakthrough Summit<sup>®</sup>** is powered by nearly 40 years of leadership and partnerships on behalf of patients and families affected by rare diseases. The NORD Summit features expert speakers, insightful patient participation, groundbreaking keynotes, an expansive poster session, interactive roundtable discussions and targeted networking opportunities.

The annual event serves as an innovation and networking catalyst for hundreds of stakeholders to:

- Actively engage with advocacy groups, FDA leadership and industry investors to think through complex issues
- Develop insights and best practices for commercializing orphan products
- Stay up-to-date on research and development advancements in rare disease diagnostics and treatment regimens

## Who Attends?

**The NORD Summit** provides a collaborative environment for researchers, drug and device companies, patient advocacy organization leaders, policy experts and government organizations responsible for rare disease research and orphan product oversight.

### Focus areas include:

- Patient Services
- Clinical Development
- Research
- Health Policy
- Advocacy
- Drug Development
- Reimbursement
- Regulatory Affairs
